LA SIERRA CAMPUS
RIVERSIDE, CA 92515

Greetings from . . .

Denise L. Bell

It isn't easy fitting a full year of activity into a book of merely 192 pages. There were so many things going on that it was hard getting everything in. Not only were the social activities such as Ours After Hours, but there were banana splits on the lawn, elections, and faculty and staff changes as well. The changes were limited to our campus either. This year saw the Berlin Wall crumble, Gorby become TIMES Man of the year.

Penina Braister

Decade, and the placement of women in the presidential positions of Haiti and Nicaragua. It is my hope that as you look through VISIONS OF THE FUTURE your memories of times at La Sierra Campus in Riverside are brought back. There is hope for the future, as we have started a new decade. Don't skip the Gallery which showcases the talents of our fellow students . May all your talents serve you well in the future. Chin up.

VISIONS

ON THEIR WAY 68
LEADING THE CROWD 94

FUTURE

Oh, we've seen lots of new changes happening around campus this year. First there was the completion of the Administration building renovations. Then we saw the new student center finished. A short time later there was the Golden Eagle Express Store put in next to it. And continually throughout the quarters the physical plant has been working on the sidewalks and sprinkler systems.

CHANGE

With the question of consolidation and moving, and all that unsettled area of the campus life finalized, there are going to be changes. Not only in the way everything looks, but in the way it all works together. This is very exciting. Now there is the ability to make decisons for our own good. Throughout the year debates have taken place on issues about campus life.

OLD

NEW

SAVE THE NAME
LLUR
SAVE THE NAME
LLUR

Things are happening . . .

Even with all the changes going on around the campus, some things remain constant. Among those are the friends that we've made. College isn't just about books, teachers, students and classes, it's also preparing for life. Preparing to do something and not just let it happen. We have a hope and a challenge. The future may be unpredictable, but there are things that can be worked on now.

UNPREDICATABLE

STEADY

LOOKING TOWARD THE

Every day we are busy with friends, classes and work. This is a preview of what life will be like for us once we are out of college. At Loma Linda University at Riverside, or whatever the name may become, we are learning here. That is one of the major purposes of this place. It's easy to say, "Oh, I hate the rules." But we must remember that they are there as guidance. We will always have them in one form or another.

FUTURE

It's not hard to think back to when we first started college. Being a little nervous and excited by all the new things. Being very annoyed at all the mile long lines during registration. That still gets some of us. Those students that have been here for a full four year term are sure to be pleased with the progress that the university has taken this past year. It's been a big one. As we look at the end of this year's long haul, it's been good.

PRESIDENT

Norman J. Woods

CHANCELLOR

R. Dale McCune

Corrine Zepeda

LLU — Riverside mourns the loss of a student and friend

Upon our return from Thanksgiving vacation, the students of LLU — Riverside were shocked and saddened at the loss of one of the family members from our student body.

On the morning of Sunday, November 25, Corrine Zepeda, a freshman from South Hall was returning home from her grandmother's house in Pomona where she had spent the Thanksgiving vacation with her family.

She was on her way to Riverside via Highway 71, traveling to her job at Toys "R" Us. The roads were wet after recent showers. She hit a wet spot on the road and her car skidded out of control. She crossed over the center divider into the oncoming traffic and was broadsided by another car. Corrine was killed instantly.

The daughter of Lupe Bourough and the older sister of Albert Zepeda, Corrine was raised in Porterville, California. She attended Sierra View Jr. Academy and transferred to higher her education at Monterey Bay Academy where she graduated in 1989. Corrine enrolled at LLU — Riverside under the A.S. program for the fall quarter but was undecided as to her major.

Corrine was best known to her friends as loving and friendly. She was always willing to help those in need amidst her own problems. She always had a bright smile, a friendly hello and a caring disposition for everyone. Corrine was one who took the initiative to serve others and always placed them before herself. She displayed this during the past summer, volunteering time to her Community Center's Day Care program.

Her close friends will always miss her but cherish the moments they shared forever. Corrine Zepeda will be missed, and though she's gone, she will always live in our hearts.

MONTE R. ANDRESS

Anthropologist Monte Andress originally hales from the mountains of Colorado and has lived in several western states. Having finished grade school here at La Sierra, he has deep local ties. He began his higher education at La Sierra College and continued on to finish degrees in Biological Anthropology at Long Beach and San Diego. His main research has been in Meso — America.

Andress began teaching at LLU in the early seventies. Later he left LLU and entered industry. Applying his anthropological skills, he rapidly rose in the ranks of management. However he deeply missed the challenges and personal rewards of denominational teaching and accepted a call to be the principle of Mountain View Academy.

After a decade's absence from the university, he returned in 1988 to his great passion — teaching anthroplogy at La Sierra. He is now the chairman of his department and is an enthusiastic booster of La Sierra and its committment to rigorous quality education.

Andress gains great satisfaction from actively participating in the individual spiritual and intellectual development of each of his students. He urges them toward leading self — examined lives filled with love and committed growth. He stays in close contact with dozens of former students and affectionately follows their careers. He states that his greatest joy is watching his students develop into actualized persons dedicated to the service of God and humanity.

Andress's wife Madeline, a Medical Anthropologist, and his sons Scott and Sean, enjoy participating in his travel and research. Their home is often open to students who enjoy their ample Italian and Mexican feasts.

Student Life

ANGWIN

The "last" dorm for LLU females to pass through before they graduate. The dorm where anything and everything was possible. Long hours in the study rooms resulted in A's, and long hours by the pool produced beautiful tans. That's right — "the girls" are what make Angwin Hall what it is — and what girls there are.

Angwin — you have to "experience it" in order to believe it.

CALKINS

One can wonder where this name came from . . . and more to the point what goes on in Calkins. Well, it is a dorm where all men of LLU study . . . and they study hard. Calkins takes a freshman and turns him into a senior. This is not an easy task, but this is the dorm where is all happens.

Calkins — the dorm that turns "guys" into "men."

GLADWYN

The "dorm" where sophmore and freshmen share their ideas . . . and rooms . . . and grades. The dorm where girls dream of higher possiblities - like Angwin. It is here that freshmen and turned into sophmores . . . and then into juniors.

Gladwyn — aren't you glad you've been there?

MISS BLISS

SOUTH

Does the word "freshmen" bring any ideas into your mind? If not, then think of South Hall — the dorm for the freshmen women of LLU — Riverside who make this campus seem like a trip. Little studying — but possible A's were what these ladies prayed for. And did they achieve it? One will never know, just see what dorm they live in next year . . .

South — a place where college life bearly begins.

TOWERS

The name suggests strength, power and perhaps a bit of mystery. Well, one can only suspect, but this dorm has definite possiblities. Guys, or should it be men, live here — and boy do they live. They have everything from an elevator to a weight room — to "hot" showers. What more can a man ask for out of life?

Towers — the dorm that rates only to Angwin.

The spirit of

L.L.U. - R.

Each year starts with everyone getting to know each other and get the feel of the college. Even if you've been on campus for five years, each year is special.

This year found us looking at a new identity and perspective with the university split final. In this case, the change gives reason for self-pride and spirit. Here we celebrate that uniqueness of each one of us.

Almost every group on campus had a logo of some sort. They were placed on T-shirts and other various items. Here are a few.

Activities

Registration

Oxford Oxford Oxford

Almost Anything Goes

The traditional competition among the dorm and village students on campus was continued with the 7th Annual Almost Anything Goes event. It was held in the Alumni Pavillion, and Tony Valenzuela kept the four teams running smoothly.

The Bopper Popper and Ostrapedic Pass were very funny, for the audience as well as the athletes. Team Green Machine from the village won this year's contest.

Assembly

Riverside Outreach Day

Exciting and eventful things happened in Riverside on Friday, October 13. It was the 1st Riverside Outreach Day. This was a community service day during the last day of Fall Spiritual Emphasis Week.

Riverside Mayor Ab Brown gave the closing Chapel of the week. We were placed in service groups by departments. Some people painted houses, some picked up trash, and others gave musical performances.

The city was so receptive to this project that it might become an annual event. Chaplain Daily and some student representatives went to the City Council to receive a plaque for the service project.

French Revolution

L.L.U. — Riverside feted the bicentennial of the French Revolution the week of November 11. Throughout the week there were plays, musical groups and talks dealing with the celebration. Vive la liberte!

Candid Snaps

Festival of Nations

Ours After Hours

Each of the quarterly Ours After Hours programs were marked with distinction. The first was Tony V., Julio R., the Flinstones, and RYTHM NATIONS. O.A.H. II was made memorable by Hans and Franz. O.A.H. III was practically a one-man show. Sally Dang did a great job coordinating these events.

Feasts

Resurrection Pageant

The 3rd Resurrection Pageant was held on campus Saturday, April 14. Because of its growing popularity, a second performance was added. John Blanchard portrayed Jesus, and Robert Skoretz was Judas. Dispite several mishaps, like Jesus's wig falling off, the Passion was a success again this year. The Pageant may be taking a break this next year.

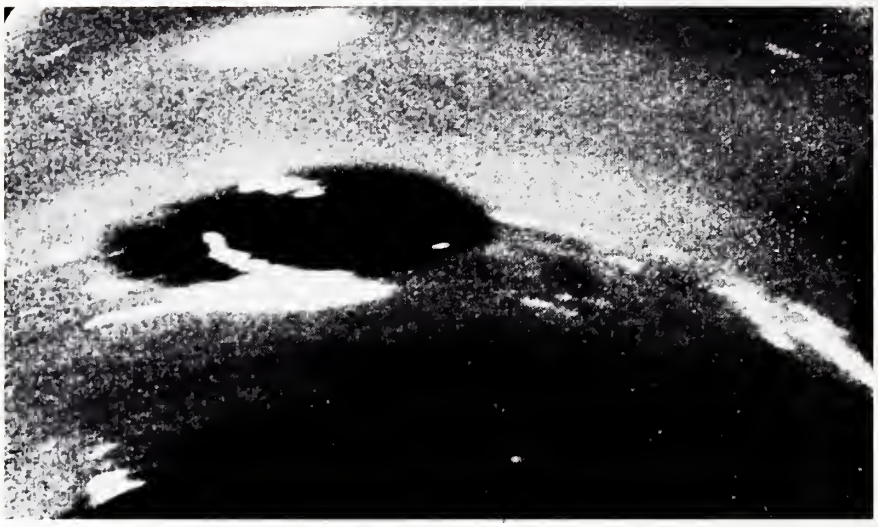
World Events



It was a long trip — 4.4 billion miles that took 12 years — but Voyager 2 arrived over the planet Neptune in August. It was a scientist dream — come - true. Volumes of scientific information and thousands of photographs were sent back to Earth.

Border guards stand atop the Berlin Wall, awaiting reaction to the opening of East — West German borders on Friday afternoon, November 10. There was great jubilation after the opening, with thousands of East Germans moving into the West after all border crossing points were opened. In the background is the Brandenburg Gate.

Soviet President Mikhail S. Gorbachev instituted some liberal reforms in Russia and strengthened ties between his government and the United States of America.

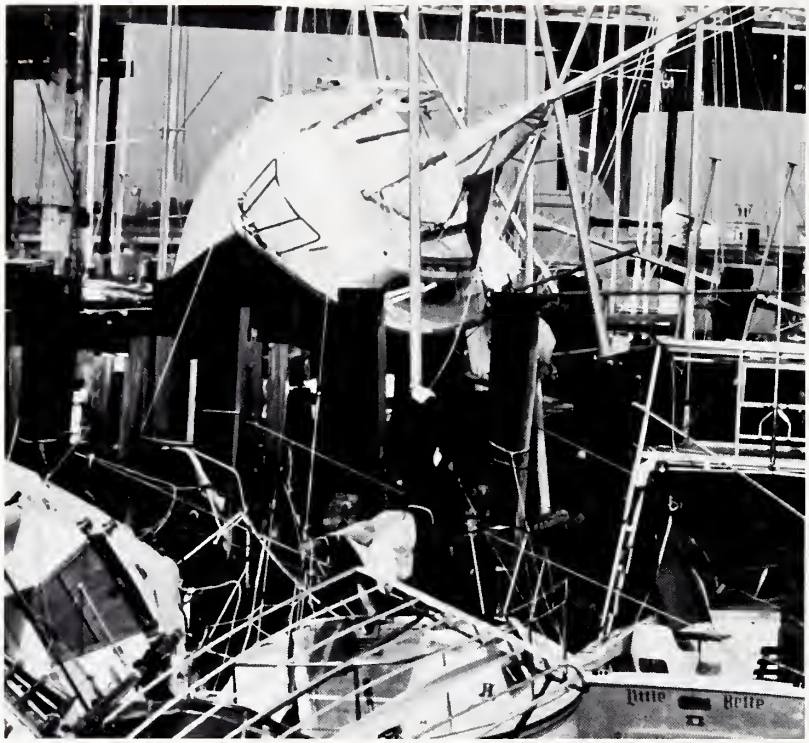
Political problems in the Middle East continued this year. Problems between Arabs in Israel continued and the factions within the Arab population made Beirut a constant war zone.

In late May and early June of 1989, tens of thousands of Chinese pro-democracy protesters gathered in Tiananmen Square in Beijing to seek political change. But their protest ended in massacre. Government soldiers, using tanks and automatic weapons, ended the protest. Thousands were killed and wounded.

Here she is, Miss America 1990 Debbye Turner. The 23-year-old veterinary student from Mexico, Missouri, is the third black woman to become Miss America in the pageant's 68-year history. (Miss America 1984, Vanessa Williams was dethroned and the first runner-up, Suzette Charles, also black, replaced her.)

William Bennett is the man appointed by President Bush to end the use of illegal drugs in this country. Bennett says he wants to extend the concept of drug-free schools nationally and make punishment a fact of life for drug dealers. He is also shown here during a recent speech.

It was the worst oil spill in history. The Alaska oil spill occurred on March 24, 1989 when the oil tanker Exxon Valdez ran aground in Prince William Sound. A total of 11 million gallons of crude oil covered the area and created an environmental nightmare.



Hurricane Hugo swept through the Carribbean and slowly made its way to the coast of the United States. It hit Charleston, S.C. where the 135 m.p.h. winds caused billions of dollars in damage.

Cincinnati Reds manager Pete Rose, one of the greatest players in the history of baseball, the banned for life from the game because of gambling. The baseball commissioner found that Rose bet on his own team.

At 5:04 p.m. on October 17, the earth shook in northern California. An earthquake that measured 7.0 on the Richter Scale destroyed parts of Oakland and San Francisco and surrounding areas. More than 60 were killed, hundreds were injured and the damage topped $2 billion.

The $530 million Stealth Bomber made its debut this year to the rave reviews of the Pentagon. However, its many critics say the plane, although difficult to detect by radar, is too expensive.

2040 OFFIC BUILDING

13.6.90

Dear Staff and Friends,

Right now I am putting the finishing touches on Visions 90. It's been a long road The people that have helped me in so many ways all deserve credit. I can't name all the Visions supporters this year. Of course Penina, Sherrie, April, Zanetta, Kazi, and Tim have been my strong encouragers. I thank Pam for blessing my film and John Stevens for his patience. This yearbook has been a big challenge, and I wasn't sure I was up to, but Mike Kinnear and Tim Rowsell gave me their votes so I kept going. If this seems to be "my book" it isn't. It is a quick overview of this year on the campus of L.L.U.-Riverside, and that includes each of us. I thank you all and urge each of us to continue pushing our limits. My best wishes to next year's editor, Martin Wallace. Au revoir,

Denise
